DINING RULES

1. Dine-In Only — AYCE is available for dine-in guests only.
2. No Sharing — There is no sharing between AYCE guests and A La Carte guests. AYCE food may not be shared with anyone who is not participating in AYCE.
3. Entire Table Participation — Guests seated at the same table must choose either AYCE or A La Carte. They cannot be combined. Exceptions may be made for young children or guests with dietary restrictions at management's discretion.
4. 100-Minute Dining Limit — AYCE dining is limited to 100 minutes, beginning with the first round/order.
5. Order What You Can Finish — Order as much as you like and as often as you like, but please order only what you can finish.
6. Leftover Food Charge — Uneaten nigiri and sushi rolls are charged by each leftover piece (\$0.50-\$1.00 per piece). For other dishes, leftover charges are assessed according to the amount remaining and the portion or plate size. Uneaten rice from nigiri and sushi rolls counts as leftovers.
7. Takeout — AYCE items are not available for takeout. Leftover items that have been charged may be taken home.
8. Food Service Order — Entrees and appetizers may arrive in no particular order. Items are served as soon as they are ready to maintain freshness.
9. Last Call — Final AYCE orders must be placed 20 minutes prior to closing. We will do our best to accommodate last-minute seated guests.
10. Modifications — One complimentary modification is allowed per sushi roll. Additional modifications may incur an extra charge.
11. Gratuity — An 18% gratuity may be added to parties of 6 or more.

PLEASE NOTE: AYCE pricing is per person and cannot be shared or transferred. Management reserves the right to limit excessive ordering, refuse additional orders when significant unfinished food remains, and charge for excessive waste.

Thank you for helping us reduce food waste. Please enjoy your meal!
